VOL. LXXIII.

ALEXANDRIA, VA., THURSDAY EVENING, FEBRUARY 29, 1872.

NUMBER 51.

ALEXANDRIA GAZETTE
AND VIRGINIA ADVERTISER.
PUBLISHED DAILY BY
EDGAR SNOWDEN,
Gazette Building, No. 70 Prince St.
TERMS:
One year, \$8; six months, \$4; three months, \$2; one month, 75 cents.

ALEXANDRIA GAZETTE
(For the Country.)
Published regularly on TUESDAYS, THURSDAYS and SATURDAYS, at six dollars per annum. Advertisements inserted at the usual rate, viz: One square, one time, \$1.00. For each subsequent insertion twenty-five cents additional will be charged.
Special contracts will be made with yearly advertisers.
Marriage and Death Notices, when not exceeding eight lines, fifty cents.

EXCHANGE OF LIQUORS.—The Richmond Enquirer enumerates a long list of articles which, in the aggregate, it estimates as costing the people of Virginia annually the enormous sum of something over \$53,000,000,—enough to pay the State debt nearly twice over. It includes in the lists unnecessary ribbons for the ladies, shows, theatres, cigars, tobacco, and whiskey.
It says that the cost of intoxicating drinks, to the people of Virginia, is stated by the superintendent of public instruction to be \$19,000,000. We have seen the figures put much higher than this.

The Commissioner of internal revenue places it at twenty-four dollars for each man, woman and child in the State. Its population is 1,200,000. This would make the cost of intoxicating liquors to the people of Virginia \$28,800,000. This is the amount which actually comes to the knowledge of the officers who have in charge the collection of the public revenues. The amount that never pays a cent of revenue is not far from being as great as that which does. So that its actual cost is not far from \$40,000,000. We need not go further than this single item of the Enquirer's list to find money enough to pay the debt of the State.

If we add to the cost of the article itself the consequential damages which flow from its use, we would find money enough not only to pay the debt of the State but to finish every mile of its railroads contemplated and under construction.
We really think that this luxury is so expensive that some means should be found, and applied, of curtailing it.—*Loudoun Enterprise.*

A BLIND SPOT IN YOUR EYE.—To convince you of the fact, we will ask you to close your right eye, and look steadily at the spot to the right, as here represented:

Hold the journal from twelve to fifteen inches from your face keeping your eye steadily fixed upon the dot; bring the paper slowly nearer your eye, when you will find at a certain distance—about six or seven inches from the eye—that the left spot will entirely disappear; but as you bring the paper nearer to your eye, or carry off, it will become instantly visible again.

It has been found experimentally, that the reason of this blindness is, the image in the sample given falls directly upon the spot where the optic nerve enters the eye, and this point being "blind," no image is formed there. The optic nerve is considered by most people to be the seat of vision, whereas it is only used in transmitting a knowledge of what has been photographed upon the retina, to the brain, where the mind takes cognizance of it, and we are said to see.

VIRGINIA DIVISION ARMY OF NORTHERN VIRGINIA.—The following is a list of officers of the Virginia Division Association of the Army of Northern Virginia.
President.—Gen'l. Fitz Lee, Richmond Mills, Stafford county.
Vice-Presidents.—Gen'l. Edward Johnson, Chesterfield, and Gen'l. James H. Walker, Pulaski.
Treasurer.—Major Robert Stiles, Richmond.
Secretaries.—Col. F. W. M. Holliday, Winchester, Col. James H. Skinner, Staunton.

IRON MANUFACTURES.—From reports in the Iron Age it appears that Ohio is making great progress in manufacturing. The city of Cleveland, on Lake Erie, is especially active in iron production and trade. One rolling mill, consuming 410 tons of coal per day, turns out 130 tons of steel, 40 tons of bar iron, 10 tons of steel and iron wire, 8 tons of nails, 20 tons of spikes and bolts, and 60 or 70 tons of pig iron. A new screw company, with a capital of \$1,000,000, has just been incorporated in that city. But the greatest triumph of Cleveland enterprise is the building, by the King Iron Bridge and Manufacturing Company, of a railroad bridge at Waltham, Mass. It sounds strangely for a Western manufacturing company to compete with Massachusetts manufacturers on their own ground.

CURIOS.—On Monday, Feb. 12, as the Buffalo express landed at Hornellsville, N. Y., all the passengers but a lady and a small boy who was asleep left the palace car to dine. A gentleman paced to and fro upon the platform. But the lady and the woman, it is said, fanned the side of the car, and by their actions, fancied that he insulted her by his actions. Without a word of warning, she drew a revolver and fired at the man through the window of the car. The ball broke the large plate glass, but missed the man. A crowd instantly surrounded the car, but before the mystery was explained the train left the depot. The gentleman who had been fired at paid for the broken window, desiring that nothing should be said about the matter. The gentleman was named Livermore, and the lady was a Mrs. Fay.

WEST VIRGINIA.—In the West Virginia House of Delegates on the 16th instant was passed—
An act to prevent the collection of debts from the citizens of the State of West Virginia by the citizens of the State of Virginia.
Mr. White, of Marshall, moved to amend the title of said bill so as to read as follows: An act to prevent the citizens of West Virginia from paying their honest debts. But the amendment was lost.

The Constitutional Convention of West Virginia has voted (42 to 26) to omit from the new Constitution the clause in the present Constitution requiring the State to pay its legitimate share of the debt of Old Virginia.

GUANO.—It has been generally supposed that the guano deposits in the Chincha Islands were the excreta of birds, but now Dr. Habel and Professor Edwards suspect that they are made up of the bodies of decayed animals and plants, most of which are of marine origin. This supposition rests on the fact that the animals of ships moored near those islands frequently bring guano to the surface.—*Philadelphia Press.*

Baltimore Lock Hospital.
DR. JOHNSTON.
Physician of this celebrated institution, has discovered the most Certain, Speedy, Pleasant and Effective Remedy in the world for all
DISEASES OF IMPRUDENCE.
Weakness of the Back or Limbs, Strictures, Affection of the Kidneys or Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Languor, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Headache, Slight, or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Liver, Lungs, Stomach or Bowels—those terrible Disorders arising from Solitary Habits of Youth—secret and solitary practices more fatal to the victims than the songs of the Siren, the Mariners of Ulysses, blighting their most brilliant hopes or anticipations, &c.
YOUNG MEN.
Especially, who have become the Victims of Solitary Vice, and dreadful and destructive habits which annually sweep to an untimely grave thousands of young men of the most excellent talents and brilliant intellect, who might otherwise have entered listening Senates with the thunders of eloquence, or walked to extacy the living lyre, may call with full confidence.

MARRIAGE.
Married persons, or Young Men contemplating marriage, aware of Physical Weakness (Loss of Procreative Power—Impotency), Nervous Excitability, Palpitation, Organic Weakness, Nervous Debility, or any other Disqualifications, should be relieved.
He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANIC WEAKNESS.
Immediately cured and Full Vigor Restored.
This distressing Affection—which renders life miserable, and marriage impossible—is a penalty paid by the victims of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny that the natural powers are lost, sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious and destructive symptoms of both body and mind arise. The system becomes deranged, the Physical and Mental Functions weakened. Loss of Procreative Power, Nervous Irritability, Dyspepsia, Palpitation of the Heart, Indigestion, Constitutional Debility and Wasting of the Frame, Cough, Consumption Decay and Death.

A CURE WARRANTED IN TWO DAYS.
Relief in Six Hours! No Mercury!
Persons ruined by Ignorant, Trifling Pretenders and their Deadly Poison, should apply immediately.

DR. JOHNSTON
Member of the Royal College of Surgery of London, Graduate of one of the most eminent Colleges in the United States, and the greater part of whose life has been spent in the hospitals of London, Paris, Philadelphia and elsewhere, has effected some of the most astonishing cures that were ever known; many troubled with ringing in the head and ears, when asleep, great nervousness, being alarmed at sudden sounds, bashfulness, with frequent blushing, and sometimes with derangement of mind, were cured immediately.

TAKE PARTICULAR NOTICE.
Dr. J. addresses all those who have injured themselves by improper indulgence and solitary habits to their betterment, and to the relief of their suffering.

These are some of the sad and melancholy effects produced by the early habits of youth, viz: Weakness of the Back and Limbs, Pains in the Head, Dimness of Sight, Loss of Muscular Power, Irritability of the Heart, Dyspepsia, Nervous Palpitation of the Heart, Irritability, Derangement of the Digestive Functions, General Debility, Symptoms of Consumption, &c.

MENTALLY.—The fearful effects on the mind are much to be dreaded. Loss of Memory, Confusion of Ideas, Depression of Spirits, Evil Forebodings, Aversion to Society, Self Distrust, Love of Solitude, Timidity, &c., are some of the evils produced.

Thousands of persons of all ages can now judge what is the cause of their declining health, losing their vigor, becoming weak, pale, nervous and emaciated, having a singular appearance about the eyes, cough and symptoms of Consumption.

YOUNG MEN
Who have injured themselves by a certain practice, already described, a habit frequently learned from evil companions or at school, the effects of which are nightly felt, even when asleep, and if not cured, renders marriage impossible, and destroys both mind and body, should apply immediately.

What a pity that a young man, the hope of his country, the pride of his parents, should be snatched from all prospects and enjoyment of life by the consequence of a bad habit, and thus follow the path of ruin, and indulging in pernicious habits. Such persons must, before contemplating

MARRIAGE.
Reflect that a sound mind and body are the most necessary requisites to promote conjugal happiness. Indeed, without these the journey through life becomes a weary pilgrimage, the prospect hourly darkens to the view, the mind becomes shadowed with despair, and filled with the melancholy reflection that the happiness of another, is blighted with our own.

DISEASE OF IMPRUDENCE.
When a misguided and imprudent votary of pleasure, finds that he has imbibed the seeds of disease, it too often happens that an ill-timed ease of sinners or dread of discovery deters him from applying to those who, from education and respectability, can alone afford him this delaying till the constitutional symptoms of this horrid disease makes their appearance, such as ulcerated sore throat, diseased nose, nocturnal pains in the head and limbs, dimness of sight, deafness, nodes on the skin, bones and arms, swelling of the
